

October 2023

Class 3

Class 3 have been learning to write similes in English this week. We have generated sentences such as 'The night air was as humid as the sweltering jungles of the Amazon Rainforest.' and 'The lashing rain was as noisy as a boat's foghorn.' We are looking forward to using this learning in our next piece of extended writing.

In science, we carried out an experiment testing the levels of friction in different materials.
