

December 2023

Class 1

In maths, Class 1 have been introduced to the subtraction symbol. They have been saying and writing subtraction facts, using cubes to support them.

In gymnastics, we have been 'climbing up' which was very exciting. We needed to be very sensible.

In DT, the children, cut, measured and joined fabric to make a peg doll.

In phonics, the children have been spotting split digraphs in words.
