Class 3

Class 3 have has an EXCELLENT week! They have learnt how to use similes and metaphors in their writing. They have generated descriptions such as 'he was as tall as a London skyscraper' and 'his head was a huge concrete block, standing very still, not moving, not an inch'. The adults have been incredibly impressed by the creative flare seen when the children were encouraged to write independently. A big well done to all the Year 3 children for taking this step!
